

Blue Medicare Access Value (Regional PPO)

2013 Formulary (List of Covered Drugs)

Please read: This document contains information about the drugs we cover in this plan.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2014.

Anthem Blue Cross and Blue Shield is a Health plan with a Medicare contract. Anthem Insurance Companies, Inc. (AICI) is the legal entity that has contracted with the Centers for Medicare and Medicaid Services (CMS) to offer the Medicare Advantage Regional PPO plan(s) (MAPD-RPPO) noted above or herein. AICI is the risk-bearing entity licensed under applicable state law to offer the MAPD-RPPO plan(s) noted. AICI has retained the services of its related companies and the authorized agents/brokers/producers to provide administrative services and/or to make the MAPD-RPPO plan(s) available in this region. Anthem Blue Cross and Blue Shield is the trade name of Community Insurance Company. Independent licensees of the Blue Cross and Blue Shield Association. ® ANTHEM is a registered trademark of Anthem Insurance Companies, Inc. The Blue Cross and Blue Shield names and symbols are registered marks of the Blue Cross and Blue Shield Association.

This information is available for free in other languages. Please call our Customer Service number at 1-800-467-1199, from October 1st through February 14th, Customer Service is available from 8:00 a.m. to 8:00 p.m., 7 days a week, except holidays. From February 15th through September 30th, Customer Service is available from 8:00 a.m. to 8:00 p.m., Monday through Friday. TTY/TDD users should call 711 for an alternate format or language.

What is the Blue Medicare Access Value (Regional PPO) formulary?

A formulary is a list of covered drugs selected by Blue Medicare Access Value (Regional PPO) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Blue Medicare Access Value (Regional PPO) will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Blue Medicare Access Value (Regional PPO) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

Can the formulary change?

Generally, if you are taking a drug on our 2013 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2013 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released.

Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step-therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug.

If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market,

we will immediately remove the drug from our formulary and provide notice to members who take the drug.

The enclosed formulary is current as of January 1, 2013. To get updated information about the drugs covered by Blue Medicare Access Value (Regional PPO), please visit our website at www.anthem.com/medicare or call Customer Service at **1-800-467-1199**, from October 1st through February 14th, Customer Service is available from 8:00 a.m. to 8:00 p.m., 7 days a week, except holidays. From February 15th through September 30th, Customer Service is available from 8:00 a.m. to 8:00 p.m., Monday through Friday. TTY/TDD users should call **711**.

If any other type of approved formulary change (non-maintenance change) is made during the year, we will notify you by sending you a list of these changes, or by sending you an updated formulary.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Medications." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 48. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index.

Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Blue Medicare Access Value (Regional PPO) covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Blue Medicare Access Value (Regional PPO) requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Blue Medicare Access Value (Regional PPO) before you fill your prescriptions. If you don't get approval, Blue Medicare Access Value (Regional PPO) may not cover the drug.
- **Quantity Limits:** For certain drugs, Blue Medicare Access Value (Regional PPO) limits the amount of the drug that Blue Medicare Access Value (Regional PPO) will cover. For example, Blue Medicare Access Value (Regional PPO) provides 30 tablets per prescription for LEXAPRO. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Blue Medicare Access Value (Regional PPO) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Blue Medicare Access Value (Regional PPO) may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Blue Medicare Access Value (Regional PPO) will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to

specific covered drugs by visiting our website at www.anthem.com/medicare.

You can ask Blue Medicare Access Value (Regional PPO) to make an exception to these restrictions or limits. See the section, "How do I request an exception to the Blue Medicare Access Value (Regional PPO)'s formulary?" on page iii for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary, you should first contact Customer Service and confirm that your drug is not covered. If you learn that Blue Medicare Access Value (Regional PPO) does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by Blue Medicare Access Value (Regional PPO). When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Blue Medicare Access Value (Regional PPO).
- You can ask Blue Medicare Access Value (Regional PPO) to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Blue Medicare Access Value (Regional PPO)'s formulary?

You can ask Blue Medicare Access Value (Regional PPO) to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover your drug even if it is not on our formulary.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Blue Medicare Access Value (Regional PPO) limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover more.

- You can ask us to provide a higher level of coverage for your drug:
 - If your drug is a brand-name drug in the Injectables tier (Tier 5), you can ask us to cover it at the cost-sharing amount that applies to drugs in the Nonpreferred Brands tier (Tier 4). If the drug is the same price in the Nonpreferred Brand tier, then you can ask us to cover it at the cost sharing amount that applies to drugs in the Preferred Brand tier (Tier 3). This would lower your share of the cost for the drug.
 - If your drug is a generic drug in the Injectables tier (Tier 5), you can ask us to cover it at the cost-sharing amount that applies to drugs in the Nonpreferred Generics tier (Tier 2). This would lower your share of the cost for the drug.
 - If your drug is a brand-name drug in the Nonpreferred Brand tier (Tier 4), you can ask us to cover it at the cost-sharing amount that applies to drugs in the Preferred Brand tier (Tier 3). This would lower your share of the cost for the drug.
 - If your drug is a generic drug in the Nonpreferred Brand tier (Tier 4) or in the Preferred Brand tier (Tier 3), you can ask us to cover it at the cost-sharing amount that applies to drugs in the Nonpreferred Generics tier (Tier 2). This would lower your share of the cost for the drug.
 - If your drug is a generic drug in the Nonpreferred Generics tier (Tier 2), you can ask us to cover it at the cost-sharing amount that applies to drugs in the Preferred Generics tier (Tier 1). This would lower your share of the cost for the drug.
- You cannot ask us to change the cost-sharing tier for any drug in the Specialty tier (Tier 6).

This would lower the amount you must pay for your drug. Please note, if we grant your request to cover a drug that is not on our formulary, you may not ask us to provide a higher level of coverage for the drug. Also, you may not ask us to provide a higher level of coverage for drugs that are in the Specialty tier.

Generally, Blue Medicare Access Value (Regional PPO) will only approve your request for an

exception if the alternative drugs included on the plan's formulary, the lower tiered drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you are requesting a formulary, tiering or utilization restriction exception, you should submit a statement from your physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's or prescribing physician's supporting statement.

You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get your prescriber's or prescribing physician's supporting statement.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term-care facility, we will allow you to refill your prescription until we have provided you with a 98-day transition

supply, consistent with the dispensing increment (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary, or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

During the time when you are getting a temporary supply of a drug, you should talk to your prescriber or prescribing physician to decide what to do when your supply runs out. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition. This list can help your doctor find a covered drug that might work for you while you pursue a formulary exception. Please refer to the *Evidence of Coverage* for more information about exceptions.

For more information

For more detailed information about your Blue Medicare Access Value (Regional PPO) prescription drug coverage, please review your *Evidence of Coverage* and other plan materials.

If you have questions about Blue Medicare Access Value (Regional PPO), please call Customer Service at **1-800-467-1199**, from October 1st through February 14th, Customer Service is available from 8:00 a.m. to 8:00 p.m., 7 days a week, except holidays. From February 15th through September 30th, Customer Service is available from 8:00 a.m. to 8:00 p.m., Monday through Friday. TTY/TDD users should call **711**. Or visit **www.anthem.com/medicare**.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day/7 days a week. TTY/TDD users should call **1-877-486-2048**. Or, visit **www.medicare.gov**.

Blue Medicare Access Value (Regional PPO)'s formulary

The formulary on page 1 provides coverage information about some of the drugs covered by Blue Medicare Access Value (Regional PPO). If

you have trouble finding your drug in the list, turn to the Index that begins on page 48.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., LEXAPRO) and generic drugs are listed in lowercase italics (e.g., *enalapril*).

The information in the Requirements/Limits column tells you if Blue Medicare Access Value (Regional PPO) has any special requirements for coverage of your drug.

QLL – Quantity Limits: Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled (most often set on a monthly basis).

PAR – Prior Authorization: The process of obtaining approval for certain prescriptions before benefits will be approved. You, your doctor or other network provider will need to request prior authorization before you fill the prescription.

ST – Step Therapy: The process of first trying a certain drug or drugs to determine if that drug or those drugs will treat your medical condition before your plan will cover another drug for that condition.

B/D – Part B vs. Part D: This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

LA – Limited Access: This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Customer Service at **1-800-467-1199**, from October 1st through February 14th, Customer Service is available from 8:00 a.m. to 8:00 p.m., 7 days a week, except holidays. From February 15th through September 30th, Customer Service is available from 8:00 a.m. to 8:00 p.m., Monday through Friday. TTY/TDD users should call **711**.

INJ – Injectable: The drug is available in injectable form.

MO – Mail Orders: Prescription drugs available through mail order.

Covered Medications by Therapeutic Category

Legend

Generic drugs are shown in lower-case italic (e.g. *enalapril*)

Brand name drugs are shown in capital letters (e.g. LEXAPRO)

QLL = Drugs with Quantity Limits

PAR = Drugs with Prior Authorization

ST = Drugs requiring Step Therapy

B/D = This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

LA = This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Customer Service at **1-800-467-1199**, from October 1st through February 14th, Customer Service is available from 8:00 a.m. to 8:00 p.m., 7 days a week, except holidays.
